

Superyard XT

Superyard XT opens easily for access to child.

Totally portable — carrying strap included.

Weather-resistant Superyard can be used just about anywhere outside. Superyard on beach is shown with two-panel Extension Kit added (available separately).

Model 8666

Extra-Tall, 26"-High Superyard XT Creates a Safe, Portable Play Area for Young Children and Pets—Enclosing 18.5 Square Feet.

Model 8662 Extension Kit is available separately. By adding kit, you can increase the Superyard size to 34.4 square feet.

Protects Christmas trees, displays, etc.
